All of us have been affected in some way by the recent economic downturn, and many of us know a friend or family member who has lost a job. The purpose of this event is to connect job seekers with businesses that are hiring or plan to hire in the near future. It is anticipated that the experience and education levels of attendees will be diverse. We hope to provide a one-stop employment shopping experience for employers and potential employees alike. Throughout the day Congresswoman Hartzler will be meeting with participating employers so they can share thoughts and express concerns about the job market and the economy.

Career Employment Services representatives from Ozarks Technical Community College will be on hand to review resumes and give advice on how to prepare for a job interview.
